Bonus Items Available At No Additional Fee

- ID Cards
- Peel N Stick
- Rolodex Cards
- Yearbook Candids
- Custom Work on Request

Cheekwood Studio is a complete photography source. We are familiar with most school record systems and can supply digital files according to their specifications. Digital thumbnail images will be supplied for school computer system. Images are compatible with SIS, Lumen & STI. (STI requires an addition step through tech support) If another software is used we can customize this option to fit. We can supply name badges and Rolodex cards complete with bar-coding according to your needs. If you need small thumbnail image stickers for permanent records, we will supply them.

We have been working hand in hand with Yearbook Advisors for over 32 years. We supply PSAPi disks for all major yearbook companies. We photograph sports, clubs & groups and supply images for your yearbook or website. If your athletic program publishes a media guide we will gladly work with you on both team and individual images for this project.

In short, every schools needs are a little different. Cheekwood is both flexible and resourceful and we will help you complete your projects on time and in budget.

Spring Pictures

A Great Fundraiser For Your School

Photographers from Cheekwood Studio will bring 2 background sets and photograph each student in full length and close-up poses, like the samples shown. Students may bring props to use in their pictures such as hats, stuffed animals, sports equipment, etc. Siblings are welcome. One week later, we will send home (4) proofs for viewing. Parents may select from as many of their child's poses as they wish, no obligation to purchase. A price list will be included with their proofs. Packages start at just \$12. Your School will receive a \$2.00 rebate per package sold.
